Bostrom®

THE SMART SEAT CHOICE

NEW STYLE, NEW TECHNOLOGY, SMARTER THAN EVER

- New premium features enhance the driving experience over regional or long-haul routes at an affordable price
- Reduce fatigue with the improved Wide Ride seat suspension, available in high or low-profile configurations
- Perfect your seating position with front and rear cushion-tilt adjustment and cushion extension
- Now available with optional "Smart" seat memory switch to dump air out of the suspension for a quick exit. Upon return the AUTO switch will return the seat to the previously used position

OPTIONAL SMART DUMP+MEMORY SWITCH

Bostrom®

FEATURES

STANDARD FEATURES

- Extra wide 23" cushion for improved weight distribution
- Dual-chamber lumbar back support
- Cushion extension with 3-position front and 3-position rear cushion tilt
- Side pocket for wallets and phones (right-hand side)
- Improved WRII suspension reduces vibration and fatigue

OPTIONAL FEATURES

- Smart seat Dump+Memory switch
- Dual 16" adjustable armrests
- Mid-height (Mid-back) backrest
- Low-profile (LoPro) suspension
- Seat heater for cold driving conditions
- Driver or passenger seat swivel

ORDERING TIP

Use the chart below to build the part number for the seat you desire. Part numbers have a base (7 digits) with a dash and then a trim code (3 digits). The table above shows the options available for the base part number. Once that is determined, use the trim chart above and to the left to determine the trim desired and complete the part number.

THE WIDE RIDE JUST GOT SMARTER

Introducing the Wide Ride Core, a new evolution in truck seating comfort. The "Core" provides superior ride-quality for drivers of all sizes with our ultra-comfortable Wide Ride seat design. Entering and exiting the vehicle is now easier than ever with the new optional "Smart" seat switch. Upon leaving the vehicle, hit EXIT to quickly dump the air out of the seat suspension, then switch to AUTO to return the seat to the previous height. Cushion extension with front and rear cushion tilt adjustment will help you find a driving position that feels just right.
