

PROFESSIONAL GRADE COMFORT

REDUCE DISCOMFORT, INCREASE PRODUCTIVITY

- The Pro Ride seat delivers the ultimate in dampening of road vibration so you don't step out as tired and fatigued from a long day's run (available as HiPro or LoPro)
- Uniquely designed ergonomic cushions coupled with our latest flex support system provides long lasting ride comfort
- Long 16" adjustable armrests with large adjustment wheels ensure quick and easy arm positioning to provide the comfortable support you need
- The two-piece cushion and back provide easy access to maintain your seat and maximize your investment
- Multiple seat position adjustments including cushion tilt, fore-aft thigh adjustment, and more ensure you can adjust this seat to fit your body for maximum comfort

ORDERING TIP - Add the trim code from the table to the right with a dash separator to the base part number from the table above. Example 9320029-L84. Matching interchangeable left/right armrest 1234480-XXX, replace XXX with trim code.

SUPERIOR WEIGHT DISTRIBUTION

The combination of Pro Ride's advanced ergonomic foam and flex support system delivers unmatched seating comfort. That means less discomfort and fatigue as well as more uptime. Look what happens when we compare the pressure felt by the occupant while sitting in a Pro Ride versus another brand.

PRO RIDE

Low pressure on occupant - nearly uniform with minimal pressure across the entire cushion surface

COMPETITOR

Note large areas of green, yellow and even red, indicating high pressure on occupant with wide variations across the seat cushion
